

# Personal wrap-up of Keynotes session

## EU Water blueprint (*Claire Mc Camphill*)

- There are entry points! But prerequisites:
  1. evidence supporting the role of sediments => 2<sup>nd</sup> round of RBMP
  2. ideas on how to fund holistic measures

## From policy setting to RTD needs (*Dominique Darmendrail*)

- sunflower of legislations
- difficulty in reaching consensus between MS (soil protection directive)
- not “more legislation” but more “common sense”

## Sava River showcase (*Damir Bekic*)

- establish unified approach => guidance document => education => application (showcase)
