

**Sediment continuum:
applying an
integrated
management
approach**

13th International SedNet Conference

Workshop 'Measurements and good practice on sediment management: challenges and opportunities for Portugal'

5 September 2023

Faculdade de Ciências, Universidade de Lisboa

9:30 – 9:45	Welcome and Introduction
9:45 – 10:30	Measurements and good practice on sediment management <i>Jos Brils, Deltares</i>
10:40 – 11:00	Coffee- break
11:10 – 11:40	Sediment management issues: Rotterdam-port perspective <i>Marco Wensveen, Port of Rotterdam Authority</i>
11:50 – 12:30	Sediment management in the Scheldt estuary, Flanders case-study <i>Renaat De Sutter, HAEDES</i>
12:30 – 14:00	Lunch
14:00 – 14:30	Sediment management concept of the Elbe <i>Ilka Carls, ELSA – Remediation of contaminated Elbe sediments</i>
14:40 – 15:10	Sediment management issues/concepts from the port perspective at the Elbe <i>Henrich Röper, Hamburg Port Authority</i>
14:20 – 15:40	Sediment Management: the Portuguese perspective <i>Teresa Alvares, APA - Portuguese Environmental Agency</i>
15:50 – 16:30	Round-Table
